

Park Bank launched its Diversity & Inclusion Committee in 2019 as an essential component of our organization's strategic planning. As part of our strategic goals, we have allocated resources to lead efforts that have direct impact on marginalized communities in Dane County. These efforts include first-time homebuyer programs that provide education and financial support. We also understand that in order to have influence, it's important that our talent is reflective of the communities we serve including race and gender. Therefore, our organization prioritizes the importance of recruiting, hiring, retaining, and promoting diverse talent.

For further information, please contact Suzanne Johnson, VP, Branch Banking, at 608-220-3517.
